

The Jamaica Bauxite Institute

JBI Journal Vol. 15

CALL FOR PAPERS

September 2018

The JBI Journal is a flagship publication of the Jamaica Bauxite Institute and is in keeping with our mission of maintaining good scholarly research. The Journal seeks to publish original scientific, socio-economic, legal and technical articles that highlight issues related to the international bauxite and alumina industry.

The Journal's targeted readership includes scientists, academics, industrialists, political leaders, policy makers, bankers, lawyers, economists, researchers and students.

The Jamaica Bauxite Institute invites manuscript/research submissions in the following areas for consideration in the publication of its next Journal issue:

1. Improvements/Advancements in Mining and Processing Technologies
2. Environmental Challenges
3. Health and Safety Issues
4. Sustainability in Mining Communities
5. Bauxite Land Matters
6. Prospects of the Industry

Submitted papers should be approximately 3,000 words in length and should conform to APA style requirements. Completed manuscripts are preferred.

Please pay attention to the following deadlines:

1. Deadline for submission of papers - **October 31, 2018**
2. Notification to authors of accepted papers - **November 30, 2018**
3. Submission of corrected manuscripts and author permission - **December 31, 2018**
4. Editorial review and final corrections - **January 31, 2019**
5. Publication - **March 31, 2019**
